## COMMUNICATION ENHANCES PRODUCTIVITY

Short of acts of God and natural disasters, anything can be resolved with good communication. Open, honest, and timely conversation can forestall calamities, mend fences, and bring people closer together.

**Greater accomplishments result when expectations are clearly communicated and problems are addressed proactively.**

**Communication is at least a two-way street. Be the first to open the door and invite someone into the conversation.**

Author Insight

**Communication Enhances Productivity**

Partners are people with responsibilities outside the partnership that can interfere with productivity. Partners who are sensitive to one another step in when the other is overwhelmed, distracted, or off-schedule. Acknowledging one another's challenges and adjusting to them strengthens the partnership.

Book Excerpt

*A, B, & Cs of Author Partnering*

Effective communication implies the ability to reach decisions with constructive consensus. Communication within a partnership requires an environment that encourages questioning, investigating, persuading, negotiating, explaining, motivating, and delegating.
