What is the VALUE of anything?

Value is relative... it depends upon both the circumstances and a set of criteria that may be different from person to person or culture to culture. When you decide that something is good or bad, remember that it's YOUR perception, not a universal proclamation.

Beauty is in the eye of the beholder (see below)

I'm often accused of using clichés... but they're cliché BECAUSE they represent timeless truths...

The value of something is often relative. Something may not be GOOD, but it's better than the alternative ... or the best choice available at the time.

Accepting a gift for what it IS, without caring about what it ISN'T, is the essence of true appreciation.

Silent Struggle

“Roomie!” Leslie cried, and ran to Katie, arms wide for a hug.

“Come help me bring in my stuff from the car?”

As soon as Leslie spotted the vehicle, a grin spread across her face. “So, this is *Camel Piss!* I hope your dad got a discount on the color.”

“It runs like a dream,” Katie said, “and I wasn’t about to ask for more than that.”
