## PARTNERSHIPS

The synergy between two compatible individuals with different skill sets often produces an outcome that neither person could have produced alone. A successful partnership relies on careful planning, effective communication, and the partners' shared vision.

The synergy in a partnership is greater than the combined resources the partners bring to the table.

### Partnerships

Partnering with a stranger can produce results that neither could have anticipated. Each partner brings a unique perspective, and when both people are flexible and enthusiastic, the synergy can be like magic.

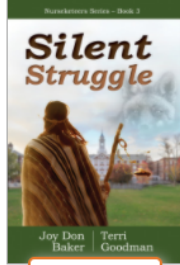

**Book Excerpt**

*Silent Struggle*

Let's create the partnerships. We have 30 students in the class. Beginning here," she said, indicating the first seat in the first row, "start with number one and count off in sequence to 15. The sixteenth person will begin again with number one. The two students with the same number will be partners. Find seats together and then I'll provide the details for the project."

Katie said, "Thirteen," then turned to see who would become her partner.

Robin poked Katie when a tall, good-looking guy said *thirteen*. "Looks like you got a keeper, Katie. If he's as smart as he is handsome, your project's gonna rock! He can sit here. I'm gonna go check out my other half."
