TRAVEL

One of our fondest hopes for 2022 is that travel will again be safe and efficient... that the all-too-prevalent delays and cancellations will become a thing of the past. It's been too long since we've been able to visit family and friends; too long since we've been free to move about safely.

Fly, drive, or sail... just enjoy a vacation in 2022.

There's no better way to appreciate something than to leave it behind.

Travel Challenges

Travel these days is challenging... what with crowds, delays, and cancelled flights... not much we can do about that. But... if you want to avoid the stress of lost luggage, take only as much as will fit in a carry-on... put your essentials in your carry-on and what you can afford to live without in your checked luggage.
