## INVEST IN YOURSELF

We are each in charge of our own success. To reach your potential, invest in yourself. Take advantage of educational opportunities of all kinds, bask in the wisdom of others, and make improving your knowledge and skills a daily objective. Commit to that goal and you'll never hear yourself say, *I could have been so much more!*

Have a plan - work your plan - be the success you're intended to be.

Each of us is worth the time and effort it takes to succeed.
